**6. RECOMMENDATION/  
ACTION REQUESTED:**

GSB currently has a security fence that has fallen into significant disrepair. In addition, we have experienced a number of trespassers and pilfered items over the last few years. This project will address both of these issues, but expanding slightly the area encompassed by the fence, installing access gates, and creating a secure perimeter along the I-45 Access Road Corridor.

**7. SUMMARY:**

Demo existing dilapidated fence and replace with new fencing along with two access gates and remote access system.
