In Their Own Words - What Makes Us Come to Work Every Day

“Wow. I commend you guys on all the changes made in the cafeteria and the Towers as a whole. I lived here from 07-09 and eventually moved because I could not stand the conditions of the rooms and kitchen. The employees were always rude too. Everything has changed tremendously, all for the better. I cannot believe my eyes –

THANK YOU for making this place awesome! Glad to be back.”

“Your meat is always so tender and soft. Thank you for putting in the time and effort to prevent it from being dry and hard. I look forward to more.”

In Their Own Words - What Makes Us Come to Work Every Day

“I was so happy this morning when the lady working behind the salad bar brought the fruit back OUT just for me to get a couple pieces because she saw that I was sad it was already put away after breakfast. This NEVER happened a few years ago in the old cafeteria.”

“Today's food was amazing. Between the salmon and fajitas and the blackberry cobbler, I was impressed. I have been on many cruises and the food today was comparable to the five star dining on that cruise.”

“To be quite frank, the apple pizza on Thursday was very near immaculate. It was a scintillating dish that filled me with merriment and joy...and brown sugar and apple. Suffice it to say that a repeat of this magic should be as soon as humanly possible. So yeah, just please make it again soon!”
