

53.01.1 Acquisition of Works of Art

This policy pertains to construction projects in excess of \$1,000,000 involving construction of a new building or the addition of square footage to an existing building or renovation projects in excess of \$10 million. One percent of the construction costs for new buildings shall be allocated for the acquisition of art for the project and renovation projects in excess of \$10 million shall allocate one-half percent of the construction costs for the acquisition of art for the project. Of the 1% allocated, up to 10% may be set aside for the operating budget supporting the System-wide Art Acquisition Committee (SWAAC). The determination will be made by the Executive Vice Chancellor for Administration and Finance in consultation with the Chancellor. The SWAAC Procedures Manual shall be submitted to the Board for approval.

Any college, foundation, corporation, or other entity wishing to contribute to new facilities, donate, participate in a joint venture, or otherwise give or create new facilities with any component of the System must include, as part of the project cost, at least one percent of the construction cost for the commissioning, selection, and installation of art. The Board delegates to the Chancellor or his/her designee the authority to identify and acquire art. All works of art acquired through the process must be recommended by the SWAAC in accordance with the SWAAC Procedures Manual and approved by the Chancellor.
