Tony Feher proposal presentation and discussion of potential sites on the University of Houston campus

- a. Tony Feher presented his proposal for potential sites at University of Houston, and the committee discussed the proposal and decided that they need more information in order to proceed further. It was suggested we consult with the ongoing UH Master Plan and pursue a more detailed rendering of the proposal and how it will be situated in the site. Emily and Mike Guidry will get more information and will present to the committee in a later date.
