### **CHILESPLAY ENTERTAINMENT**

Chilesplay Entertainment is a close knit ensemble of artists, producers, and friends, who are more of a family than a company. We are a Houston, Texas based entertainment, production venture, producing film, music, and concerts.

We are known for our ability to develop projects from conception to completion. We maintain longstanding relationships with key players in both, the music and film industries. ChilesplayEntertainment is highly selective in the projects that we accept. We take pride in creating and atmosphere that epitomizes intelligence, success, and longevity.

Our music is known for high standards in both, sound quality, and packaging. We work with artists who typify unique and exciting sounds. In turn, we present a healthy respect for both, the artist and those who still enjoy the artistry. Chilesplay stays ahead of the trends by ignoring them.

Currently, we are in production with one film and two music projects, stay tuned as we methodically weave our way through this maze called "The Entertainment Industry".
