Research score =	40%	40%	20%
Teaching score =	40%	40%	60%
Service score =	20%	20%	20%

[This standard workload model may be adjusted by the Chair in special cases, particularly in recognition of exceptional Service duties, but also in cases of exceptional Research or Teaching responsibilities].

Merit Eligibility scoring: every 1 point earned = score of 1 (cumulative, within each category)
[maximum of 5 points per year, within each category]

Merit Eligibility scoring allocation weightings (NB: these are NOT workload models)
