Fall 2014
MAS 3342: SECTION
NUMBER 19878

Monday
5:30-8:30 PM

AH 208

For More Information Contact: lcano@uh.edu

This exciting and timely course will focus on the current dynamics of Mexican Immigration to the United States; an issue that has gained much saliency in the media and among elected officials throughout the country. The course will look into the causes of Mexican Immigration and the various political interest groups involved in finding fair and just alternatives to our current immigration policies. Other groups will also be discussed such as Central American Immigrants.
