EDUCATION

- 1979 – 1983 B.S., East Texas State University, Commerce, TX
Major: Speech and Hearing Therapy
- 1983 – 1985 M.S., University of Texas at Dallas-Callier Center, Dallas, TX
Major: Communication Disorders
- 1997 – 2001 Ph.D., Louisiana State University, Baton Rouge, LA
Major: Communication Sciences and Disorders
Dissertation: Physiology and Lateralization of Swallowing: A Comparison Between Young and Old Adults, Advisors: Anne L. Foundas, M.D. and Hugh W. Buckingham, Ph.D.

PROFESSIONAL EXPERIENCE

- 2015 – present Vice-Chair, Department of Communication Sciences and Disorders, University of Houston, Houston, TX
- 2013 – present Professor, Department of Communication Sciences and Disorders, University of Houston, Houston, TX
- 2011 – 2013 Associate Professor, Department of Communication Sciences and Disorders, University of Houston, Houston, TX
- 2009 – 2011 Visiting Associate Professor, Department of Communication Sciences and Disorders, University of Houston, Houston, TX
- 2008 – 2009 Adjunct Lecturer, Department of Communication Sciences and Disorders, University of Houston, Houston, TX
- 2006 – 2016 Research Speech Pathologist, Michael E. DeBakey VA Medical Center, Rehabilitation Research and Development, Houston, TX
- 2006 – 2011 Assistant Professor, Department of Physical Medicine and Rehabilitation, Baylor College of Medicine Houston, TX,
- 2004 – 2006 Clinical Assistant Professor, Department of Psychiatry and Neurology, Tulane University Health Sciences Center, New Orleans, LA
- 2004 – 2006 Faculty, Neuroscience Program, Tulane University, New Orleans, LA
- 2003 – 2006 Research Speech Pathologist, Research Service, Southeast Louisiana Veterans Healthcare System, New Orleans, LA
- 2000 – 2003 Adjunct Lecturer, Department of Communication Sciences and Disorders, Southeastern Louisiana University, Hammond, LA
- 1993 – 2004 Clinical Instructor, Department of Psychiatry and Neurology, Tulane University Health Sciences Center, New Orleans, LA
- 1993 – 2003 Speech-Language Pathologist, Southeast Louisiana Veterans Healthcare System, New Orleans, LA
- 1986 – 1993 Speech-Language Pathologist, Ochsner Clinic, New Orleans, LA
- 1985 – 1986 Clinical Fellowship Year, Ochsner Clinic, New Orleans, LA

CERTIFICATION AND PROFESSIONAL AFFILIATIONS

- 2014 – present Member, American Stroke Association
- 2012 – present Houston Association for Communication Disorders
- 2009 – present Texas State Speech-Language-Hearing Association

- 2005 – present Licensure, Texas State Board of Examiners in Speech-Language Pathology, License No. 102258
- 2004 – 2015 Board Certified Specialist in Swallowing and Swallowing Disorders (BCS-S)
- 2001 – present Member, American Speech-Language-Hearing Association, Special Interest Division 13, Swallowing and Swallowing Disorders (Dysphagia)
- 1996 – present Full Member, Dysphagia Research Society
- 1986 – present Licensure, Louisiana Board of Examiners in Speech-Language Pathology, License No. 2584
- 1986 – present Certificate of Clinical Competence in Speech-Language Pathology, American Speech-Language-Hearing Association
- 1985 – present Member, American Speech-Language-Hearing Association (ASHA)

HONORS AND AWARDS

- 2011 Fellow, American Speech-Language-Hearing Association
- 2007 Special Contribution Award, Office of Audiology and Speech Pathology, Department of Veterans Affairs
- 2007 Young Faculty Academic Achievement Award, Department of Physical Medicine and Rehabilitation, Baylor College of Medicine
- 2003 Outstanding Achievement Award, Association of VA Speech-Language Pathologists
- 2003 First Place Poster Presentation, Dysphagia Research Society
- 1989, 1993, 1998
- 2002, 2004, 2005
- 2007, 2008, 2010
- 2013, 2015, 2017
- 2019 American Speech-Language-Hearing Association Award for Continuing Education (ACE)
- 1983 Clinician of the Year, Speech and Hearing Therapy, East Texas State University
- 1983 Bachelor of Science with Academic Distinction, East Texas State University

RESEARCH

Grants and Awards

- 2019 – 2022 Development and Pilot Test of a Clinical Swallowing Examination Protocol for Telerehabilitation Delivery by SLP Services, Co-Investigator (Jane Anderson, PI), Department of Veterans Affairs, RR&D Spire Grant, Direct Costs: \$200,000.
- 2015 – 2017 Training Nurses to Administer Swallowing Screenings Using Medical Simulation Mannequins: The Effects of Acquisition and Retention of Skills, Co-Investigator (Jane Anderson, PI), Department of Veterans Affairs VISN 16 Nursing Research Grant, Direct Costs: \$100,000.
- 2015 – 2019 Applying a B-TIME Approach to Implement Evidence Based Stroke Dysphagia Screening (SDP-14-198-1), Co-Investigator (Jane Anderson, PI), Department of Veterans Affairs, Health Services Research and Development Quality Enhancement Research Initiative (QUERI) Award (awarded, pending start), Direct Costs: \$1,628,600. Awarded but not funded.
- 2013 Feasibility of Screening Swallowing in Stroke Patients, Principle Investigator, Small Grants Program, University of Houston, Direct Costs: \$3,000
- 2012 – 2015 Development and Validation of a VA Stroke Swallowing Screening Tool (1I01RX000121), Principal Investigator, Department of Veterans Affairs, Rehabilitation, Research and Development Merit Award, Direct Costs: \$757,100
- 2009 – 2010 Feasibility of Screening Swallowing in the Emergency Department (RRP09-182), Principal Investigator, Department of Veterans Affairs, Health Sciences Research and Development Rapid Response Grant, Direct Costs: \$96,570
- 2006 – 2009 The Neural Mechanisms of Dysphagia in Stroke: A Longitudinal Study (B4262K), Principal Investigator, Department of Veterans Affairs Rehabilitation, Research and Development Advanced Career Development Award, Direct Costs: \$425,876

- 2006 Department of Veterans Affairs Clinical Research and Development Service, Shared Equipment Evaluation Program (ShEEP) Award, \$35,000 to purchase equipment with matching funding supplied by Southeast Louisiana Veterans Healthcare System
- 2004 – 2006 Swallowing in Alzheimer’s and Vascular Dementia, Principal Investigator, South Central VA Health Care Network Pilot Project Grant, Direct Costs: \$100,000
- 2003 – 2006 Neurological Predictors of Dysphagia Severity and Recovery in Stroke (B3019V), Principal Investigator, Department of Veterans Affairs Rehabilitation, Research and Development Career Development Award, Direct Costs: \$262,152
- 2003 – 2006 Limb Apraxia: Neural Mechanisms in Left and Right Hemisphere Strokes, Co-Investigator (AL Foundas, PI), Department of Veterans Affairs Rehabilitation, Research and Development Merit Award, Direct Costs: \$286,658

TEACHING

Graduate Courses

- 2008 – present Swallowing Disorders COMD 6321, Department of Communication Sciences and Disorders, University of Houston.
- 2009 – 2013 Special Topics-Medical Speech Pathology COMD 6398 (co-taught), Department of Communication Sciences and Disorders, University of Houston.
- 2003 Dysphagia. Department of Communication Sciences and Disorders, Louisiana State University Health Sciences Center.
- 2001 – 2003 Dysphagia, Department of Communication Sciences and Disorders, Southeastern Louisiana University.

Undergraduate Courses

- 2011 – present Anatomy and Physiology COMD 2376, Department of Communication Sciences and Disorders, University of Houston.
- 2012 Professional Writing in Communication Sciences COMD 3380, Department of Communication Sciences and Disorders, University of Houston.

Clinical Education

- 2009 – 2011 Graduate Student Clinical Educator (Neurogenic Communication Disorders), University Speech, Language, Hearing Clinic, Department of Communication Sciences and Disorders, University of Houston.

Directed Research

PhD Committee Chair

Cecilia Felix (in progress). Department of Communication Sciences and Disorders, University of Houston, Houston, TX.

PhD Committee Member

Deirdre Larsen (in progress). Department of Communication Sciences and Disorders, Louisiana State University, Baton Rouge, LA.

Dissertation Committee Member

- Mathew Vansant (Defended 6/12/19). *Dysphagia treatment in head and neck cancer*. Department of Communication Sciences and Disorders, Louisiana State University, Baton Rouge, LA.
- Aamir Al Toubi (Defended 7/29/13). *The role of primary motor cortex (M1) in pharyngeal swallowing*. Department of Communication Disorders, University of Canterbury, Christchurch New Zealand.
- Jeff Mock (Defended 7/6/07). *Atypical anatomy in children and adults with persistent developmental stuttering*. Department of Neuroscience, Tulane University, New Orleans, LA.
- Jeremy Cohen (Defended 7/6/07). *Insular cortex morphometry*. Department of Neuroscience, Tulane University, New Orleans, LA.

Master's Thesis Chair

- Tonya Freeland (Defended 4/7/2015). *Using Medical Mannequins to Train Nurses in Stroke Swallowing Screening*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
- Jessica Rose Shool (Defended 4/9/2014). *Practice Patterns for the Evaluation and Treatment of Feeding and Swallowing Disorders for Neonates in the NICU*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
- Monica Murguia (Defended 3/31/08). *Sequential swallowing in patients with acute stroke*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.

Master's Thesis Committee Member

- Vanessa Martin (Defended 7/11/2014). *Outcome measures of discourse in aphasia*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
- Dorian Sobel (Defended 4/19/13). *Effects of repeated head impacts in female soccer players*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
- Jennifer Petrillo (Defended 6/17/09). *The effects of congenital heart disease on feeding and swallowing in infants and children*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
- Shannon Randle (Defended 7/14/08). *Examining the errorless nature of Melodic Intonation Therapy: A comparison of standard MIT and an errorful modification of MIT*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
- Pamela DeGeorge (Defended 8/13/04) *Apraxia: Transitive and intransitive gestures differ in stroke patients*. Department of Neuroscience, Tulane University, New Orleans, LA.

Honors Thesis Committee Member

- Harsharan Kaur (10/19/2020). *Scoping review of behavioral treatments for UES dysfunction*. Department of Speech Pathology, Flinders University, Adelaide, Australia.
- Christy Lee (4/23/13). *Outcomes of constraint induced language therapy in a community based setting*. Department of Communication Sciences and Disorders. University of Houston, Houston, TX.
- Janis Porter (4/17/12). *A review of neuropathology of traumatic brain injury*. Department of Communication Sciences and Disorders, University of Houston, Houston, TX.
