

# PhD in Communication Sciences and Disorders

UNIVERSITY OF HOUSTON

## ABOUT THE PROGRAM

---

Through individualized mentoring, the PhD in Communication Sciences and Disorders at the University of Houston prepares students to become leading researchers and scholars in the field. Houston is the most ethnically diverse city in the United States, with the world's largest medical center and over 20 school districts. The program is the only one of its kind in the city, offering students high-quality instruction and hands-on research experiences in a variety of settings.
