

## HoustonBallet

### Houston Ballet Video Production Internship 2018

Are you looking to further your video production skills in a unique, artistic environment? Houston Ballet is seeking a talented videographer who can film and edit a series of videos for the Houston Ballet Academy's Summer Intensive Program. As a video production intern you will work with a variety of our staff, while working on real video projects that will be distributed via social media and projected in-house during live theater performances.

#### As the Houston Ballet Video Production Intern you will:

- Coordinate with the Houston Ballet Academy intern to schedule and film interviews with summer students
- Capture footage of ballet classes in studios and rehearsals in a black box theater
- Travel to a nearby school to film interviews and additional footage of student musicians at work on compositions
- Collaborate with the Houston Ballet Academy Intern to conceptualize and create funny and informative videos about the summer students
- Conceptualize and create three to four, two minute mini-documentaries about the creative process of the American Festival of the Arts student choreographer/composer collaboration
- Work in a professional production studio

#### What We Require:

- Background in Video Production
- Strong communication skills
- Proficiency in Mac OS, Premiere Pro CC and/or Final Cut X
- Organized, with an ability to prioritize quickly
- Creativity and flexibility
- Working knowledge of Canon DSLR cameras, Sennheiser audio recording systems, and general A/V equipment
- Means of self transportation

#### Details:

The position begins June 18th and ends July 27th. You are expected to work two to three days per week, three to four hours per day. This internship is unpaid.
