

## Fall 2014 ECON 4389: The Economics of Globalization

Tuesday and Thursday  
8:30 a.m. - 10:00 a.m.

The course will provide an analysis of modern day economic globalization, focusing on capital market integration and its effects on economic growth and development, income inequality, and labor markets. The primary objective of the course is to equip you with a skill set that enables you to analyze changes in global economic conditions.

Students may not receive credit for both ECON 4389: The Economics of Globalization and INTB 3353: The Economics of Globalization.
