# 2022 Panos Endowed Lecture

## The 'System' in Systemic Racism and Why it Matters

Join us at the 2022 Panos Family Endowed Lecture in Equity and Social Justice featuring Dr. Keeanga-Yamahtta Taylor, an African-American Studies Professor at Princeton University. This lecture will unpack the ways that both liberal and conservative narratives about racism have underestimated or ignored structural critiques. After this lecture, you will better understand how race and class are intestinally linked and how this connection is seen as a particular threat to the governing and political norms in the United States.
