PUBLICATIONS

Book:

Mexico, Nation in Transit: Contemporary Representations of Mexican Migration to the United States. In this study, I argue for a deterritorialized notion of Mexican national, regional, and local identities by analyzing the representations of migration within Mexican and Mexican American literature, film, and music from the last fifteen to twenty years. (University of Arizona Press, Fall 2011)

Manuscripts:

Crimmigrant Media and Protest. This book project analyzes the how the cultural representations of the criminal migrant expose the inequalities and the segregation created by the anti-immigrant legislation and drug policies. (Four out of five chapters are written)
