UNIVERSITY OF HOUSTON

RENU KHATOR

President

May 2013

Dear Graduates:

Congratulations on one of the happiest, most memorable, and most important days of your life – the day of your graduation!

The University of Houston is a very special place. It is the place that welcomed you, helped you grow intellectually, and encouraged you on your journey. It is the place that, thanks to our incredible diversity, has provided you with the life experiences to work, feel at home, and succeed anywhere in the world.

You are graduating at a time of great triumphs for UH, from the Tier One designation by the Carnegie Foundation two years ago, to our inclusion by the Princeton Review on its list of best colleges in the nation, to being ranked by U.S. News and World Report for the first time in our history.

Several factors contributed to your success. The support of your parents and families, and the encouragement of your faculty, advisors, and staff played a significant part. But the most important factor is you, and the motivation, determination, and drive that brought you to this day, and will continue to serve you as you make your mark on your community and the world.

As you leave here today as proud alumni, know that you are a member of the best prepared, best educated, and best equipped class the University of Houston has ever produced.

With my best wishes for a successful career and a bright future,

A handwritten signature in black ink that reads "Renu Khator".

THE HISTORY OF THE UNIVERSITY OF HOUSTON

THE UNIVERSITY OF HOUSTON

The University of Houston's proud heritage dates back to its founding in 1927. In the beginning, UH was known as Houston Junior College. Classes for the first 230 students were held at San Jacinto High School and were taught by a faculty of eight. Over the years, the junior college grew and prospered, officially becoming the University of Houston in 1934. Two years later, the institution acquired land for a permanent campus and its first building, the Roy G. Cullen Building, opened in 1939. The university became a state institution in 1963.

Today, the University of Houston is a Carnegie-designated Tier One public research university, serving more than 40,000 students with more than 300 undergraduate and graduate programs. UH stands at the forefront of education, research and service with more than 40 research centers and institutes and sponsors more than 300 partnerships with corporate, civic and governmental agencies. UH public service and community activities, such as cultural offerings, clinical services, policy studies and small-business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the university's academic programs, providing students with professional expertise, practical experience and career opportunities. UH has awarded more than 268,000 degrees, and approximately 80 percent of our alumni remain in the Houston area.

THE UNIVERSITY OF HOUSTON SYSTEM

Throughout the 1960s and 1970s, teaching centers offering University of Houston degrees and classes opened in Clear Lake, downtown Houston and Victoria. Over time, these teaching centers became free-standing universities, offering education and opportunity to their communities. The University of Houston System was legally established in 1977. Today, the UH System is the region's largest provider of comprehensive university services from the baccalaureate to the doctorate. The UH System plays a primary role in meeting the higher education needs of the Houston metropolitan area and Texas. It is comprised of four universities and six teaching centers. The accredited universities in the UH System are: University of Houston, UH-Downtown, UH-Clear Lake and UH-Victoria. The teaching centers are UH Sugar Land, UHS at Cinco Ranch, UH Northwest, UHD Northwest, UHCL Pearland and UHS at Texas Medical Center.

COMMENCEMENT TRADITIONS

ACADEMIC REGALIA

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head and the hoods became a cape that could be pulled over the head during unpleasant weather. As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelors (apprentices of the arts), masters (teachers) and doctors (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back. The academic hat was first worn as a symbol of the master's degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

CEREMONIAL SYMBOLS

THE SEAL

Throughout history, seals have been used to authenticate official documents. The University of Houston's and UH System's seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal – consisting of checkered chevrons denoting nobility and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto "In Tempore," meaning "In Time." The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE

The Mace, which is carried in academic processions, is a staff symbolizing the university's authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president's symbol of authority.

THE ALMA MATER

All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We'll always adore thee
Dear old varsity.
And to thy memory cherished,
True we'll ever be.

PHARMACY HONOR AND LEADERSHIP SOCIETIES

The Rho Chi Society, pharmacy's academic honor society, was established in 1922 to encourage and recognize excellence in intellectual achievement, foster fellowship among its members, encourage high standards of conduct and character and advocate critical inquiry in all aspects of pharmacy. The fundamental objective of Rho Chi is to promote the advancement of the pharmaceutical sciences through the encouragement and recognition of sound scholarship by bringing professional students, graduate students and faculty members together in fraternal and helpful association. High standards of intellectual and scholarly attainment have been demanded for election to membership.

The Society's insignia, the Greek letters, Rho and Chi, were originally selected because, when placed in the relative position in which they are found on the Rho Chi Key, they are emblematic of the prescription sign. The colors attached to the seal of membership were chosen to indicate the royalty of purple and the loyalty of white. The eight sides of the key represent chemistry, biology, physiology, pharmaceuticals, pharmacology and the biomedical, social/administrative and clinical sciences.

Phi Lambda Sigma, pharmacy's leadership society, was established in 1965 to honor and promote the development of leadership qualities, especially among pharmacy students. Members are selected by peer recognition. No greater honor can be bestowed upon an individual than to be recognized as a leader by one's peers. Such recognition instills and enhances self-confidence, encourages the less active student to a more active role and promotes greater effort toward the advancement of pharmacy.

The insignia of the Society is the key pin, which bears a mortar and pestle and the Greek letters of Phi, Lambda and Sigma. A wreath of laurel surrounds the mortar and pestle. The colors of the Society are green and gold.

Graduate College of Social Work
Alumni Association

May 10, 2013

Dear 2013 GCSW Graduate,

As President of the GCSW Alumni Association (GCSW AA) and its Board of Directors, I am thrilled to congratulate you on this momentous accomplishment. Today marks an incredible milestone in your life. You set the goal to earn a Master of Social Work (MSW) degree, and you have sacrificed, endured and persevered to attain that goal. It is an honor to welcome you to the social work community as an alumnus of the Graduate College of Social Work (GCSW). You are indeed joining the ranks of a prestigious group of more than 4,000 individuals. You should be extremely proud of yourself!

As you begin this next chapter in your life, I encourage you to embrace the wonderful opportunities that are presented to you. Keep an open mind. There are so many ways to do work that is personally gratifying, makes a positive impact on the community and promotes the values and ethics of the social work profession. Although there may be some uncertainty regarding what you will do next, be confident in the fact that the education and experiences you acquired during your time at the GCSW have prepared you to succeed.

In order to remain connected, I personally invite you to become an active participant in the GCSW Alumni Association. The alumni association enhances alumni loyalty and pride by developing life-long relationships with one another and the Graduate College of Social Work. Active participation allows you to remain connected to those graduating with you today while having the opportunity to meet and develop relationships with those who have graduated before you.

Again, it is my honor to welcome you as one of the newest GCSW alumni members. I wish you the best in all you pursue. Feel free to contact me at rosalind.rolls@sbcglobal.net or 713.213.0882 for more information about the alumni association.

Very sincerely,

Rosalind Rolls, LMSW

COLLEGE OF OPTOMETRY

ACADEMIC HERALDRY

The academic costume in America consists of three components: a cap, gown and hood. The cap is the beret or mortarboard type with a colored tassel (black or gold) that represents the graduate level of education-the professional doctorate.

The doctor's gown is an elaborate costume marked with velvet panels down the front and around the neck, as well as three bars on the bell-shaped sleeves. The hood design is unique to the profession of Optometry. The velvet trim of the hood is seafoam green, the color that represents the academic discipline of Optometry. The length of the hood depicts the doctoral level of education while the field of the hood is specific for the University of Houston, red with a reverse white chevron.

The hooding ceremony and the formal conferring of the degrees by the Dean or the President represent the final acts of academic endorsement by the faculty of the College and the University.

May 2013

Dear University of Houston Graduate,

You have succeeded and your mission has been accomplished! Let me start by extending well-deserved congratulations to you, your family and friends who supported you during your time at UH. From this place and time, you will follow the path of more than 202,500 alumni who have walked before you as you pursue new professional and personal goals. In everything you do, in all that you will undoubtedly accomplish, your pride is shared by the entire UH alumni family.

We need alumni who are active, we need alumni who are involved, and we need alumni who take advantage of all the alumni association has to offer: show up to one of our networking events and maybe find a new job or a new client; stop by the alumni tailgate before football games to enjoy food and drinks with fellow Cougars; take advantage of discounted ticket offers to events at the Moores School of Music. Also, as a new grad, you are entitled to short-term medical insurance discounts. We make it easy for you to be an active Cougar.

As an active alumnus, not only will you receive many perks, but you'll also help put dollars back into the university – dollars to fund scholarships, dollars to hire exceptional faculty, and dollars to upgrade the image and face of our institution.

Allow me to leave you with this parting advice: keep your Cougar connection strong! Whether your destiny takes you around the corner or around the world, always remember that you're a Cougar, and always show it. Being an active alumnus is one of the best ways to do that, and we promise to make you as proud of your alma mater as we are proud of you.

With Best Wishes,

A handwritten signature in black ink that reads 'jclarke'.
