Quarantine
When you have had potential exposure to COVID-19.

If you were exposed to COVID-19 and are NOT up-to-date on COVID-19 vaccinations.

**You should:**
- Stay home for 5 days. After that, CDC recommends that you continue to wear a mask around others for an additional 5 days.
- Test on day 5, if possible.
- If you develop symptoms, get a test and stay home.
- If at any time your COVID-19 test result is positive, you must follow the protocols for a positive COVID-19 Diagnosis.

If you were exposed to COVID-19 and are up-to-date with vaccination OR had confirmed COVID-19 within the past 90 days (you tested positive using a viral test).

**You should:**
- CDC recommends that you wear a mask around others for 10 days.
- Test on day 5, if possible.
- If you develop symptoms, get a test and stay home.
- If at any time your COVID-19 test result is positive, you must follow the protocols for a positive COVID-19 Diagnosis.
