

Advance Your Career in Education While Learning Closer to Home

The University of Houston College of Education is now offering graduate programs in Katy! Led by experienced, supportive faculty, our programs here empower passionate professionals to expand their expertise in special education, school leadership and related careers. Texas has a great need for well-prepared leaders in these growing fields, and our high-quality programs will equip you with the knowledge, skills and Cougar connections to make a lasting impact. Take the next step in your academic journey — right in the community where you live or work!

Hybrid format: Benefit from in-person courses at the UH at Katy instructional site, combined with the flexibility of online learning.

MASTER'S DEGREE PROGRAMS

M.Ed. in Special Populations

Applied Behavior Analysis

Develop expertise in Applied Behavior Analysis for a rewarding, in-demand career working in schools, clinics or community organizations. Learn how to design, implement and evaluate behavioral interventions to help individuals with autism or other special needs.

M.Ed. in Special Populations

Educational Diagnostician Certification

Prepare to become a state-certified Educational Diagnostician and increase your impact on student success. Designed for certified Texas teachers, this program equips educators with the skills to identify learning challenges in children, consult with parents and teachers, and assume leadership roles.

M.Ed. in Administration & Supervision

(Principal Preparation)

Grow the skills and confidence to succeed as a transformational school leader. Through relevant coursework and real-world internship experience, this program prepares certified Texas teachers for state principal certification. Graduates are equipped to empower teams to advance student learning.

ACCELERATED CERTIFICATION PROGRAMS

Prepare to earn state certification through our high-quality, fast-track programs — designed for educators who meet the prerequisites and aren't seeking an additional degree.

Educational Diagnostician

Requires a master's degree, Texas teaching certificate and three years of teaching experience

Principal

Requires a master's degree, Texas teaching certificate and two years of teaching experience

Superintendent

Requires a master's degree and Texas principal certificate

Only minimum requirements are listed.
