Practicum locations include the world-renowned Texas Medical Center nearby

Funding for at least two years of doctoral study with opportunities for more

GRE waivers available

Become an agent of change!

Counseling Psychology Ph.D. Program

In our APA-accredited doctoral program, we provide students the tools they need to help others navigate the modern world of mental health. Collectively, we share a passion for eliminating health inequities and ethically engaging in scientific and clinical work. As part of a Carnegie-designated Tier One public research university, students have the opportunity to contribute to unique research opportunities in behavioral health, multiculturalism and social justice. Join us!

VIRTUAL INFO SESSION

Wednesday, Oct. 5, 2022

10 a.m. CST
