Help change lives!

School Psychology Ph.D. Program

Our APA-accredited doctoral program is home to faculty and students committed to impacting the academic, behavioral and social-emotional functioning of children and adolescents. As part of a Carnegie-designated Tier One public research university, our students learn to develop culturally responsive, innovative solutions to promote well-being. Our scientist-practitioner model prepares well-rounded school psychologists to work with diverse youth, families and the systems in their lives. Join us!

VIRTUAL INFO SESSION

Thursday, Oct. 27, 2022

4 p.m. CST
