

UNIVERSITY OF HOUSTON

Radiation Safety Manual

Radioactive Waste Disposal Form

PI:

Department:

Sublicense#:

Building & Lab #:

Radioisotope:

A separate form is required for each waste container. Fill out this form as waste is added to the receptacle. Securely attach the form to the Radioactive Waste Container (Radioactive Waste Bags, Carboys, etc.). This form is not required for lead pigs, stock vials, and sealed sources disposal. Contact EHS Radiation Safety if you need to dispose of stock vials, lead pigs, sealed sources. Please follow the Radioactive Waste Disposal Guidelines found in the Radiation Safety Manual at <http://www.uh.edu/ehs>

Waste Type: (Check one) Liquid Solid LS Vials

(Please estimate activities as accurately as possible)
