

**HOPING FOR THE BEST
IS NOT A PLAN**

The background features a dark, stormy sky with multiple lightning bolts. A hand is visible on the left, with fingers crossed in a traditional gesture of hope or superstition. The right side of the image is filled with a word cloud of terms related to disaster management, including: PREPARE, RECOVER, PROTECT, PREVENT, PLAN, DISASTER, IMPACT, ASSESSMENT, MANAGEMENT, SURVIVAL, RESOURCES, WARNING, and many others.

University of Houston
