CLASSROOM AND BUSINESS BUILDING

Houston, Texas, May 18, 2011- On Monday, May 23, 2011, the new Classroom and Business Building is scheduled for a sidewalk closure.

Linbeck Construction will be closing a portion of the pedestrian sidewalk east of the Central Power Plant from May 23, 2011 to October 12, 2011 to install underground utilities and a new fire lane for the new Classroom and Business Building. The sidewalk closest to the Power Plant will remain open for accessibility with construction fences installed on each side.

Also, a portion of Melcher Hall's northwest retaining wall sidewalk will be closed from May 23, 2011 to September 1, 2011 to allow erection of steel for the building. Rerouting of the sidewalk in this area will allow accessibility.

Please refer to the attached drawing for affected areas. The areas in Red are the construction zones and the sidewalk will not be accessible for pedestrian traffic.

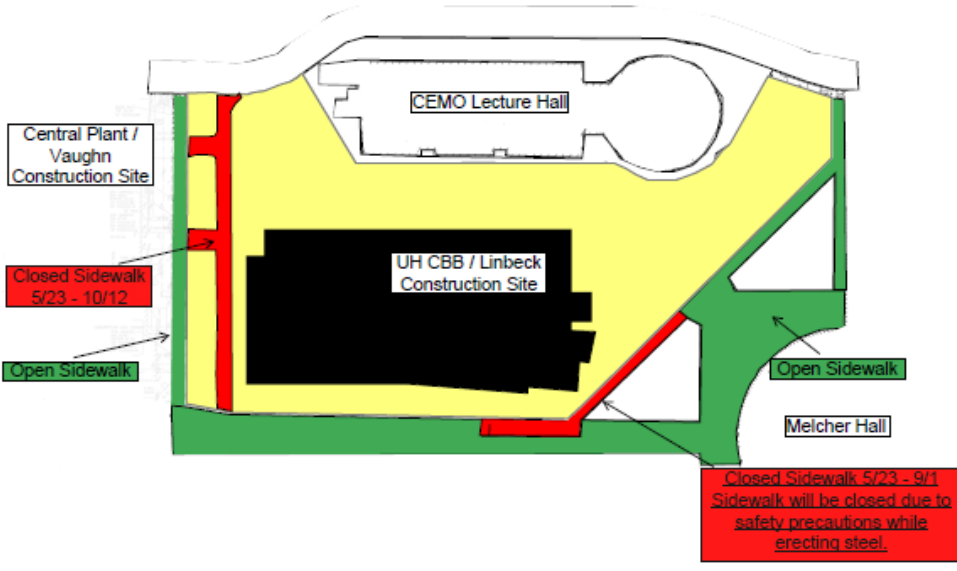

The areas indicated in Green are sidewalks that will remain open for pedestrian traffic.

Please contact Bernie Harless, Project Manager, if you have questions related to this project bharless@uh.edu or by phone at 713-743-8049.

About the University of Houston

The University of Houston is a comprehensive national research institution serving the globally competitive Houston and Gulf Coast Region by providing world-class faculty, experiential learning and strategic industry partnerships. UH serves more than 38,500 students in the nation's fourth-largest city, located in the most ethnically and culturally diverse region of the country.
