- This plan is a *suggested* timeline for students who wish to apply to dental school after their Junior Year. Your schedule may differ depending on your personal goals, major, AP/IB and transfer credit, and use of Winter/Summer sessions. It is important you work closely with your major advisor to outline your specific degree plan.
- Certain dental schools may have additional requirements—please review every school in which you are interested.
- \*Required prior to taking DAT
- \*\*Recommended Advanced Biology Courses include: Genetics, Cell Biology, Biochemistry II, Histology, Immunology
