Business and Technology Unlocked

With a vision to be the first choice for enterprising students and creative enterprises, Saunders College of Business attracts students who possess a curiosity and entrepreneurial spirit. Today, all modern organizations are infusing technology to compete in our global economy,

and we are preparing students to lead and manage in these technical and innovative organizations.

At Saunders, students come first. They get an edge through access to the vast resources in business, technology, and design that can only be found at Rochester Institute of Technology. Through RIT minors, double majors and a wide array of experiential learning opportunities, business students regularly team with artists, designers, engineers, and computer scientists to address interdisciplinary challenges—giving Saunders graduates the ability to differentiate themselves, as experienced communicators and critical thinkers.

With strong corporate and entrepreneurial connections built through an established tradition of cooperative education, internships, and undergraduate research experiences, Saunders delivers an applied and relevant curriculum that prepares students to be ready upon graduation—whether that be to join a Fortune 500 company, connect with a start-up, or pursue a graduate degree. The opportunities are endless!

Jacqueline R. Mozrall, Ph.D.
Dean and Professor
Saunders College of Business

Association to Advance Collegiate Schools of Business International (AACSB) accredited

Saunders Mission

We elevate students to make immediate and enduring contributions to organizations and the world through career-oriented experiences and our teaching and research, which integrate business, technology, and design thinking.

Management

Preparing leaders, entrepreneurs, and supply chain experts to use technology to drive change and innovation globally

“ Success in today’s business environment requires a knowledge of technology, leadership skills, entrepreneurial thinking, and global awareness. By combining cutting-edge research, expertise, and an inter-disciplinary curriculum, students are prepared to be innovative problem solvers and leaders in the fields of technology, innovation, and supply chain.

Shal Khazanchi, Ph.D.
Professor and
Department Chair
Management

Innovation

To advance, successful companies demand the same innovative and entrepreneurial thinking that is creating tomorrow's businesses.

Enterprising Mindsets

Saunders offers one-of-a-kind immersive programming where interdisciplinary teams of students can leverage resources across campus to build businesses from conception to commercialization.

Pioneering Tools and Resources

A rich, enterprising culture at RIT delivers support to pursue new ideas:

- Biz 1+2 Freshman Course
- Top-ranked Albert J. Simone Center for Innovation & Entrepreneurship
- The Construct makerspace for rapid prototyping
- Saunders Consulting Group
- Center for Urban Entrepreneurship
- Venture Creations incubator

- Plus rich programming, including: Imagine RIT, Student Incubator, Saunders Student Accelerator, IdeaLab, Innovator's Hour, and Tiger Tank

Facilities

State-of-the-art facilities offer active learning environments utilizing technology to prepare students for industry.

- Seamless Access Services for deaf and hard-of-hearing students

Green Tech Entrepreneur & TED Fellow

Spreading energy efficiency initiatives worldwide

With an MBA in marketing and finance '07, Jennifer Indovina is the CEO and Co-Founder of Tenrehte Technologies, Inc. Its PICOwatt® Smart Plug has received international recognition, winning the 2010 Best of CES Green Product Award, as well as being featured in the *New York Times*, *Popular Science Magazine*, *Treehugger.com*, and *Bloomberg Businessweek*. Indovina says, "I enjoy sharing my knowledge and experience with others," which she does through her TED Talks on YouTube.

Kosovo Microbrewery

MBA graduates start up brewery and relationship

Their worlds collided on the second day of new student orientation. Upon graduation, MBA graduates Etida Zeka '10 and Alex Butler '11 opened Sabaja Craft Brewery, introducing American-style craft beer to Kosovo. Butler says, "I didn't expect a bitter beer to take off in Kosovo, but people are going wild for it."

Internships and Experiential Learning

Traditions in cooperative education and internships lay a solid experiential learning foundation in and outside classrooms—best recognized by employers through a 94% Outcomes Rate.

Real-world experience

Students gain experience outside the classroom during paid internships. One of the oldest and largest co-op programs in the world places more than 4,500 students in more than

6,200 co-op assignments. Business students access two annual career fairs and are supported by dedicated career advisers.

Internships are complemented by a commitment to applied teaching in the classroom and experiential options through: capstone projects, research symposiums, research centers, study abroad, international exchange programs, student competitions, industry mentorships and advisory boards, 200+ student clubs, and four global campuses.
