1988-90: Taught English as a Second Language to South East Asian refugee population in Houston, Texas.

Service:

Awards:

Honors College's Wong Faculty Engagement Award, 2020.

Lerner Family Faculty Fellowship for Academic Leadership in the Honors College, 2020.

Provost's Teaching Excellence Award, Community Engagement, 2020.

UH Center for Student Involvement's Outstanding Advisor, 2020.

Honors College Grand Challenges Award, 2019.

Shelby Hodge Vision Award from Aids Foundation Houston, 2018.

Ray of Sunshine Award from Houston Sun, 2018.

Lerner Family Faculty Fellowship for Academic Leadership in the Honors College, 2018.

Honors College's Wong Faculty Engagement Award, 2017.

University Service Activities:

Faculty Senate, Governance Committee, 2023-present.

Faculty Senate, Research and Scholarship Committee, 2021-2024 academic years.

Honors College, Governance Committee, 2023-present.

Honors College, Academic Affairs Committee, 2023-present.

*UH National Center for Research on Educator Diversity (NCRED),
Internal Advisory Board, 2020-2023.*

Honors College Personnel Committee. 2019-2023 academic years.

Aspire Institute for Healthcare Innovation Vision Committee. 2020-2022.

Medical Education Committee. 2018-2020.

Digital Research Commons, Library Resources for Digital Humanities, since 2017.

Center for Sustainability and Resilience. Internal Advisory Board, 2015-2018.

*Community Health Worker Classes. Non-credit classes offered to University of
Houston students since 2015.*

*Honors in Community Health. Faculty Advisor for Student Group, along with Erica
Fletcher in first year and alone since 2015, with about 140 active students
working on community health activities around the city. Students have found
jobs, internships, and volunteer opportunities through these activities.*

*Data Analytics in Student Hands. Co-Director, since 2013. In addition to helping
staff the Honors IT team, we have active student-engaged projects in pollen,
air pollution, health disparities, digital humanities, and visualization. Many
students have been involved.*

Honors College Advancement Team, 2011-2017.

*Data Science Institute/Center for Advanced Computing and Data Science. Internal
Advisory Board, since 2011-present (through name changes).*

Office of Undergraduate Research. Helped develop initial paperwork flow for Senior Honors Theses, Helped Create Senior Theses Writing Studio, on Advisory Board for Houston Scholars, Frequent Judge for Undergraduate Research Day, served on between 3 and 7 theses per year from 2010-18.

External Service Activities:

CDC - Texas Prevention Research Center (UTSPH), Community Advisory Board Member, 9/21 – present.

U.S. Environmental Protection Agency's Children's Health Protection Advisory Committee. Member, 3/1/2020-present.

Albert Schweitzer Foundation Houston. Board Member, 2019-present.

Houston Wilderness. Board Member, 2018-present.

Lead and Healthy Homes Strategic Planning Committee (Houston Health Department), Member, 2017-2020.

Air Alliance Houston, Board Member, 2016-2018.

Institute for Medical Humanities. Affiliated faculty / occasional guest speaker in Critical Theory courses, 2013-2018.

Mildred's Umbrella Theater Company, Board Member, including President, from 2007-2012.

Lawndale Art Center, Artistic Advisory Board, 2004-2006.

Other Products:

Sam: Houston on a First Name Basis, under development (2018-present). Simulated Harris County, with individual level health and social attributes, available for students and other researchers modeling various health interventions.

Houston Clean Air Network Ozone Map, August, 2012-2018: Managed team to produce real-time maps of Ozone in the Houston area, available on browser and mobile application (new version under current development).

Healthy Communities Assessment Tool, for Houston, 2015: Online tool developed by the department of Housing and Urban Development to assess Community Health on multiple dimensions. We deployed only for UH internal use, for commercial reasons beyond our control and no longer available.

Visual Web Interface for Researchers (Vwire), 2012-2015: Web interface hosted on a content management system for collecting visual intuitions along with semantic content. Managed small team, and scripted interface in Python, Javascript, HTML, and Javascript. Available as open source.

Formbuilder/Formviewer, 2014: Part of team (led by Peggy Lindner) to develop a browser and mobile application for creating and deploying forms.

ARTour app, August, 2015: DASH students under my supervision created a mobile app with augmented reality features to view on campus art.

Community Health Workers App, March, 2015: Mobile app for Community Health Workers to track their continuing education hours.
