

Evacuation Plan

The key to a successful evacuation is planning. Each resident must familiarize himself/herself with their respective residence hall's evacuation plan. Residents should also take the following tips:

- Know at least two exits other than the elevators
- Know campus emergency numbers 3-3333 or 911
- Participate in all fire drills and take them seriously
- Know your meeting place outside
- Remain outside the building until allowed back in by UH police officers
- Stop whatever you are doing
- Grab your personal possessions quickly
- Do not take time to gather more things than you can quickly find
- DO NOT WAIT! Walk to the nearest exit
- If your nearest exit is blocked, move immediately to another exit
- If you need assistance with evacuation, please notify your Residence Life Coordinator.

If a Fire Alarm sounds everyone is required to evacuate the building

Community	Residential Life Coordinator
Bayou Oaks	713.743.6713
Calhoun Lofts	713.743.5649
Cougar Place	713.743.6071
