

UNIVERSITY OF
HOUSTON

Introduction

This questionnaire is intended to gather information about teamwork-related assignments in your course. This information will be used along with student survey results to assess the Teamwork core objective, which is part of the Texas Core Curriculum for undergraduate degrees. Teamwork is defined as activities that involve two or more students. This survey is part of our ongoing efforts to improve undergraduate education.

Course Information

What type of assignment will be used to measure **teamwork** in your course? Select all that apply.
