

# Connect your Computer to Cougarvision and use your TV!

See what ports for video output are available on your laptop or desktop. Make sure you obtain the correct cables for your laptop and TV ports.

1. [DC-In Jack](#)
2. [External Monitor Port](#)
3. [RJ-45 LAN Jack](#)
4. [eSATA Port](#)
5. [HDMI Output Jack](#)
6. [Vent](#)
7. [2 USB 2.0 Ports](#)
8. [7-in-1 Card Reader](#)  
(MMC / SD / MS / MS Pro / MS Duo / Mini SD / RSMMC)
9. [Express Card 54/34 Slot](#)

Connect your cables (video/audio) to the correct inputs on your TV and change to that input with your TV remote.
