LETTER OF SUPPORT

Any faculty led program requesting travel authorization to a destination with a Level 3 travel advisory must have a letter of support from the department chair or dean associated with the program. This letter does not need to endorse the safety of the program, but rather the reason that a program should take place in a Level 3 region despite the risk. The argument should convey the academic value and merit of the program location and why the Senior Vice President for Academic Affairs and Provost should authorize this program.

SUPPLEMENTAL DOCUMENTATION

Attach a document addressing all of the items below. This document may be in essay or outline form.

1. I have carefully identified, reviewed and considered the risks of travel to the destination. I am familiar with the international travel safety precautions for the area in which I am traveling to. I have read and understand the following information:

- a. The U.S. Department of State Advisory for Destination
<https://travel.state.gov/content/passports/en/alertswarnings.html>
2. I realize I must have on-site institutional support, either from a third party provider, local organization or local university. Include relevant information about local support including relevant training.

3. What are the housing accommodations for the program? What are the safety measures in place? Security, surveillance, gated access, etc.? If the accommodations are homestay, who is vetting the families and placing students?
4. What is the academic rationale why the program must take place in this location despite the current risk?
5. In the event of a medical emergency, how accessible are adequate hospitals or emergency clinics?
6. Include your emergency communication plan.
7. How will you mitigate specific risks outlined in the U.S. Department of State Travel Advisory?
8. Contingency plan: explain what the sponsoring academic department will do in the event UH decides to recall or evacuate the program early due to heightened or deteriorating health, safety or security concerns? Contingency should include academic concerns and potential program relocation.

ADDITIONAL PROGRAM REQUIREMENTS

- I will ensure all program participants, if U.S. citizens will enroll with the U.S. Department of State's Smart Traveler Enrollment Program (STEP): <https://step.state.gov/step/>. If participant is not a U.S. citizen, they must register with their home country's Embassy or Consulate.
- I understand the University reserves the right to cancel the program and/or require the participants to leave the international program location due to health, safety, and/or other concerns.
- I understand that if I receive authorization for this program, we may not travel to other regions/countries with a Level 4 travel advisory.
- I will ensure all program participants (myself included) will self-enroll in CISI international insurance for University of Houston Learning Abroad Programs and confirm it will be in force and effect for the entire duration of the travel: <http://www.uh.edu/learningabroad/health/cisi/>.
- I understand how to contact CISI in the event of an emergency.
- I understand I cannot require any student to travel to this destination.

- I understand all program participants must complete a release and indemnification document with the Learning Abroad Office.
- I understand all program participants must complete the Learning Abroad Travel Policy Acknowledgement with the Learning Abroad Office.
