UNIVERSITY of HOUSTON | NSM

Graduate Tuition Fellowship
EXTENSION REQUEST

http://www.uh.edu/nsm/students/graduate

NSM Graduate Tuition Fellowship (GTF) eligibility requirements can be found on the NSM website. As a NSM Ph.D. student, you may only receive GTF for a maximum of 5 years (10 long semesters; fall and spring) during your time at the University of Houston. Once you have accumulated 10 prior semesters of GTF support you may request additional support, but it is subject to availability. You must show that you have made progress towards your Ph.D. and have the support of your Dissertation Advisor and your department. To be considered for additional funding, please complete the information below and attach this form to a Graduation and Professional Student Petition along with any needed supporting documents. Also, applying for graduation is required in the final semester for receiving a GTF extension. Additional GTF funding is not guaranteed.

Additional Required Documentation:

- Please attach this form and all other required supporting documents to a Graduate and Professional Student Petition.
- Please attach a letter from your Dissertation Advisor indicating that you are on track to graduate in the specified semester with an explanation for graduation beyond the 5 years of support.
- If you are enrolled in 9 hours in the 11th or 12th semester, the letter from your Dissertation Advisor must also state the contribution of 6 hours of tuition, either from the advisor or department. If your department is providing the support, then acknowledgement from either the Chair or the DBA is required.
- If you are a student on an F1 visa and enrolling in only 3 hours in a graduating long semester, please attach a RCL (Reduced Course Load) form.

By signing below, you understand that you must also meet all other NSM GTF requirements for the extension request. If you are employed and receiving the GTF, in any long semester, with less than 9 hours of enrollment, signing below indicates your understanding that this is a one-time only exception.
