- 11/14/17: Student notification
- 11/20/17: Student acceptance

STUDENT SPOTLIGHT

"It was a wonderful opportunity to be able to represent teachHOUSTON at the Noyce Summit this summer in Washington D.C. Being able to represent teachHOUSTON was an amazing opportunity and it was fascinating to have other scholars and principal investigators learn about the teachHOUSTON program. It was amazing to see everyone coming together to combat the shortage of math and science teachers here in the U.S."

-Arianna Ibarra
