POLICY TITLE: TRANSFERS INTO THE UNDERGRADUATE PROGRAM AT THE COLLEGE OF NURSING

Transfer of College Credit

A student requesting the application of transfer credit toward a degree at the University of Houston (UH) will comply with the [UH Transfer of College Credits](#). Evaluations of transfer work are made in the Office of Admissions. The application of transfer credit toward a degree at the University cannot be determined until the transcript has been evaluated and a degree plan has been made.

The evaluations of international transfer credits are processed by the Office of Admissions, once all required documents are submitted (complete transcripts, syllabus/catalog) during the first enrolled semester. The application of transfer credit toward a degree at the University cannot be determined until the transcripts have been evaluated and a degree plan has been processed.

Former students must notify the Office of Admissions of any schools attended since the last enrollment at the University of Houston and submit all official transcripts. Degree plans are made in the college of the student's major.

The University of Houston and Texas community colleges have agreed that certain courses offered by the community colleges meet UH Core Curriculum standards; the community colleges have adopted common course numbers. Students transferring those courses to the university from a Texas community college will receive credit for the corresponding UH core course, provided all general requirements for transfer credit are met. Core curriculum information may be found at the [UH Publications website](#).

Previous Nursing Program

Students requesting transfer from another nursing program must be in good academic and disciplinary standing from the previous nursing program. A letter from the dean or director stating the student is in good academic and disciplinary standing and is eligible for re-admission must be received before acceptance to the Gessner College of Nursing.

Transfer students may work with the Gessner College of Nursing Academic Advisor.

Approved by Gessner College of Nursing Faculty: 03/01/2024

Approved by Dean Kathryn Tart: 05/09/2024
