

Bicycle Safety and Use Focus Group

The Department of Public Safety and the Dean of Students Office joined together to develop a focus group to generate a set of policies and procedures to be used by the campus community related to bicycle safety and security on the University of Houston campus. This group will assess the current concerns and issues related to the storage of bicycles on the campus property. The focus group will also review the current laws and ordinances related to bicycle storage. They will also create the appropriate policy and or procedure to create a safe and secure atmosphere for bicycles and their riders. The focus group will consist of individuals from many different areas on campus. It will be chaired by Malcolm Davis and Dr. Willie Munson. The focus group will have the following representation:

Chaired by:

AVP, Public Safety and Security

AVP, Dean of Students

Representatives:

Athletics

Faculty Senate

Office of General Counsel

Dean of Students

Parking and Transportation

Plant Operations

Police Department

Recreation Center

Residential Life and Housing

Staff Council

Student Government Association

University Center

University Services

The group has been charged by Dr. Carl Carlucci, EVC/EVP for Administration & Finance. The focus group will have six months to review and recommended new policies, procedures and rules for the campus community. The first gathering of the focus group would be in early November with a completion date of June 2012.
