

The University of Texas at Dallas

Guaranteed Tuition Plan

The Guaranteed Tuition Plan is designed to help students and their families better plan for the cost of a college education, while allowing the University to maintain the quality of its academic programs.

It also provides an incentive for students to earn a degree in a timely manner, since additional courses taken beyond 15 credit hours each semester will, in essence, be free to in-state students. Charges per semester credit hour for tuition and mandatory fees at UT Dallas depend on the number of hours for which a student enrolls up to 15.

Non-resident students from out of state pay a differential rate per credit hour.

Other non-mandatory fees including, for example, parking and housing fees, will be subject to change.

The Comet Connection

Those who begin their college careers at a community college will also be able to take advantage of UT Dallas' Guaranteed Tuition Plan under a new program called the Comet Connection.

Every two-year college in Texas, both public and private, participates in the Comet Connection.
