### **I. DEFINITIONS**

- A. Local Fund Procurement Card: A charge card issued to an employee of the university for the purpose of making authorized purchases on the university's behalf with local funds only. The university will issue payment for charges made with the Local Fund Procurement Card. Though federal funds (defined later) have additional restrictions, they are considered a type of "local" fund and could be used to pay for allowable transactions on Local Fund Procurement Cards.
- B. P-Card Program Administrator: University employee responsible for administering the Procurement Card Program for the university and acting as the primary liaison between the university and the bank.
- C. P-Card Program Coordinator: University employee responsible for processing/canceling cards, monitoring card transactions, processing payments to the bank, and training cardholders and department business offices for proper use of card and online bank system.
- D. Transaction Limits: A dollar limitation of purchasing authority assigned to the Cardholder for each total charge made with the Procurement Card. The standard transaction limit for purchases is \$5,000.00 per transaction. College/Division Administrators may establish lower limits on a per card basis. A single transaction/charge may include multiple items but cannot exceed the transaction limit. Transactions may not be split to avoid exceeding the transaction limit.
- E. Monthly Spending Limit: A dollar limitation of purchasing authority assigned to a Procurement Card on total charges made during a monthly billing cycle. The standard monthly spending limit is \$15,000.00 per credit card. College/Division Administrator may establish lower limits on a per card basis or request higher limits, if needed.
- F. Expense Report: A listing of all transactions charged to the Cardholder's Procurement Card account through the end of the monthly billing cycle. This report is generated from the online bank system provided by the bank that issues the P-Card.
- G. Supporting Documentation: A merchant produced or non-university document that records the relevant details for each item purchased including quantities, cost of item, , total charge amount, date of purchase, merchant's name and address, and description of what was purchased (e.g. itemized sales receipt, original invoice, packing slip, credit receipt, etc.).

- L. Split Purchase: More than one transaction on the same day to the same vendor for which total amount is \$10,000 or more when federal funds will be used for any part of the transaction; or is \$15,000 or more when non-federal fund will be used for the entire transaction: or any activity that is an attempt to circumvent the University's bidding process (see MAPP 04.01.01). Also, a single transaction cannot be split between federal and non-federal funds if the total transaction amount is \$10,000 or more.
- M. Federal Funds: All funds received directly or indirectly from a federal government agency. A list of University of Houston fund codes, including federal funds, is located at: <https://uh.edu/office-of-finance/references/>

The CDA may request the inactivation or cancellation of a P-Card within their college/division at any time at their discretion.

The CDA (or designee) must complete the following tasks by the last day of each month for the most recently completed billing cycle:

1. Ensure that purpose/benefit information is properly documented for each transaction. Purpose/benefit may be recorded on receipts or in the online bank system.
2. Verify that all transactions are supported with the receipts or other supporting documents (i.e., invoice, packing slip, etc.).
3. Ensure that the full credit card number is not visible on any receipts or backup documentation before they are uploaded to the Finance System. Only the last four digits of the card number may be displayed on uploaded documents.

Accounts Payable monitors billing cycle activities and notifies the CDA by email of selected transactions. The CDA (or designee) is responsible for investigating the transactions. If any unauthorized transactions are noted, the CDA (or designee) must notify AP promptly.
