

How do I fill out the bank address in PaymentWorks?

For the Bank Address, this is the address of the Banking institution, not your own address. You need to use the address of the local bank branch, the address of the bank branch that you use, or the corporate address of the bank. As long as it is one of the Bank's addresses, it will be acceptable.

Bank Address

All fields marked with a red asterisk (*) are required fields.
All other fields are optional.
