

Harnessing Technology to Transform Medication Safety

GERIATRIC MEDICATION SAFETY SYMPOSIUM

May 7-8, 2026 · In-person & Virtual · Cooley University Life Center · Texas Medical Center, Houston

DAY 1: THURSDAY, MAY 7, 2026

1:00 – 3:00 pm

Sunyang Fu, MHI, PhD

Workshop Session: “Hands-On Clinical Natural Language Processing for Detecting Adverse Drug Events in Older Adults with Heart Failure”

SUNYANG FU, MHI, PH.D.

DAY 2: FRIDAY, MAY 8, 2026

9:15 – 10:15 am

Scott Nelson, PharmD, MS, FAMI, ACHIP

Plenary Session: “Bridging the Digital Divide: How AI Can Transform (or Fail) Geriatric Medication Safety”

SCOTT NELSON, PHARM.D., M.S., FAMI, ACHIP

10:30 – 11:30 am

Virginia LeBaron, PhD, APRN, FAAN

Plenary Session: “Empowering Comfort at Home: Leveraging Remote Health Monitoring Technology to Manage Cancer Pain”

VIRGINIA LEBARON, PH.D., APRN, FAAN

1:00 – 2:00 pm

Panel Session: “Transforming Patient Care Through Technology: Real-World Implementation”

VIRGINIA LEBARON, PH.D., APRN, FAAN

HASNAA DIRAQI, MSN, RN, MSRN-BC

AMARIS FUENTES, PHARM.D., BCCCP

WINSTON LIAW, M.D., MPH

2:15 – 3:15 pm

Malaz Boustani, MD, PhD

Plenary Session: “Technology as a Tool to Enhance Medication Safety for Older Adults: Insights from Agile Science and Its Derivatives”

MALAZ A. BOUSTANI, M.D., MPH

Symposium Co-hosted by:
