

**Peace Corps Prep
COVID-19 Temporary Accommodations**

UH Global will implement the following accommodations until further notice. Please refer to the website for more information about requirements and documentation needed.

Program Requirements:

- **Training and Experience:** No change. Students can continue to earn points for any approved course regardless of the method of delivery (online classes included) since points are given based on credits earned in the course. However, for courses taken pass/fail during this period, only courses with a passing grade will be accepted. Students can complete field experience hours (volunteer, internship, or paid work experience) online as long as it aligns with one of the six sectors and documentation is submitted.
- **Foreign Language Skills:** No change. Students can continue to earn points for any approved language course regardless of the method of delivery (online classes included) since points are given based on credits earned and final grade in the course. However, for courses taken pass/fail during this period, only courses with a passing grade will be accepted. For those who are already fluent in another language, students can meet with professors virtually for a language proficiency assessment or complete an online foreign language placement exam offered by UH Testing Services.
- **Intercultural Competence:** For global courses, there is no change. Students can continue to earn points for any approved global course regardless of the method of delivery (online classes included) since points are given based on credits earned in the course. However, for courses taken pass/fail during this period, only courses with a passing grade will be accepted. For learning abroad, since UH learning abroad programs were cancelled during the spring 2020 and summer 2020 semesters and because students are not able to go abroad during their final semester, students graduating in summer 2020 or fall 2020 can earn points for any cancelled learning abroad trip. If UH learning abroad programs are cancelled for fall 2020 as well, this would be extended for spring 2021 graduates. Students must submit written documentation that shows they were confirmed for the trip and proof of cancellation. For intercultural activities, students may earn points for completing any of the following online activities and submitting a one page reflection paper of the activity: Watching a foreign film or online cultural performance, reading a novel or nonfiction book by a foreign author or on a global or multicultural topic, engaging in an online cultural activity or any other similar activity that allows the student to learn about another culture.
- **Professional and Leadership Development:** Students may fulfill the resume review and interview skills requirements by attending a virtual meeting with a career counselor from UH Career Services. For the leadership component, students may fulfill this through an online leadership experience (internship, volunteer work and/or student organization leader) with documentation.
