Division of Student Affairs

The background of the cover is a photograph of a calm lake surrounded by a dense forest of tall evergreen trees. The water reflects the surrounding greenery. Overlaid on the image are several large, white, stylized cutouts of evergreen trees, some of which are semi-transparent, allowing the background image to show through. The text 'OUTDOOR ADVENTURE' is in a bold, white, sans-serif font, and 'catalog' is in a larger, white, lowercase sans-serif font.

Sleeping Bag 20°

Alps Mountaineering Crater Lake

Materials

Poles: 7000 Series Aluminum
Wall Materials: Mesh Windows
Floor Materials: 210D 110T Nylon Oxford
Fly Material: 75D 185T Polyester

Details

The Crater Lake OF (Outfitter) sleeping bag is a great choice for rental programs where the bag will see a lot of use from various people. With having a zip-out liner, just the liner can be laundered, which saves a lot of water when you consider the whole bag doesn't have to be washed every single time. It also features a large #10 zipper, so it will last time and time again through repeated, rugged use.

Features

- Double Layer Construction
- Poly Cotton Zip-Out Liner
- 20° Temperature Rating
- Large #10 Zipper
- Compression Stuff Sack Included

Specifications

Temperature Rating	20°
Fill Weight	60 oz.
Dimensions	33" x 84"
Total Weight	7 lbs.
Stuff Sack Size	12" x 21"

Sleeping Bag 45°

Alps Mountaineering Crater Lake

Details

The Summer Outfitter sleeping bag is a great choice for rental programs or any situation where the bag will see heavy use from various people. The 45-degree rating makes this sleeping bag perfect for hot summer days with cooler summer nights. It also features a large #10 zipper, 210T polyester liner and outer fabric, so it will last time and time again through rugged and repeated use.

Features

- Double-layer construction
- 210T Polyester liner
- 210T Polyester outer fabric
- Poly Loft insulation
- Large #10 zipper
- Elastic straps

Specifications

Temperature Rating	45°
Dimensions	35" x 84"
Fill Weight	42 oz.
Total Weight	4 lbs. 8 oz.

Sleeping Pad

Therm-a-Rest Z-Rest Sleeping Pad

Details

Make your outdoor adventures more comfortable with the Therm-a-Rest ZRest Sleeping Pad. It is an ultra-compact closed cell mattress that offers added warmth. The intuitive, accordion design makes the Thermarest sleeping pad suitable for backpacking and camping. It is easy to pack and is made from very strong materials.

Backpack

Gregory Forester Backpack (S,M,L)

Details

- Design offers three ways to get at your gear with both top-loading, front panel access and bottom access to the main compartment
- U-shaped front access panel zips open revealing center of main compartment, making your essential gear easy to reach
- Escape Harness uses bi-density foams laminated to the surface fabric which eliminates wrinkling when wrapping around shoulders and torso
- Foam-padded, contoured shoulder straps with Auto-Cant™ harness self-adjusts to fit a wide range of shoulders for various physical activities
- Dual-density Wilderness Waistbelt is pre-curved to eliminate wrinkles, hugging the hips to provide greater comfort and load-carrying control
- FOAM-X framesheet combines with a single aluminum alloy center stay to provide an optimal blend of stiffness and torsional flex
- Flo-Form® II molded backpanel features a soft layer next to your skin for cushioning; denser layers behind it provide form and support
- Top pocket has water-resistant zipper and two oversized mesh side pockets keeping water bottle, maps and extra clothing or raingear close at hand
- Daisy chain, reinforced gear loops and ice axe loop with keeper strap let you attach bulky gear on exterior
- Side compression straps help stabilize and control the load
- Main body is a lightweight ripstop 210-denier double-box Cordura® nylon for performance, strength and durability
- Waterproof Shelter-Rite® material covers the bottom of the pack to provide long-lasting wear and protection from the elements
- Load range: up to 40 lbs.

Climbing Helmet

Petzl Boreo

Durable:

- Hard outer shell is impact- and scratch-resistant for optimal durability
- Hybrid construction with thick ABS shell, EPP foam liner, and EPS foam liner makes it compact on the head
- Soft headband conforms well to the shape of the head and folds into the shell for storage and transportation

Designed for optimal protection against side, front, and rear impacts:

- Designed in accordance with Petzl's TOP AND SIDE PROTECTION label
- Lower in the rear, the design provides greater coverage for enhanced protection
- Stable and comfortable fit, with foam liners on the entire inner shell

Versatile, for a variety of activities:

- Suitable for climbing, mountaineering, caving, via ferrata, and canyoning
- Four clips for headlamp attachment

Specifications

- Material(s): ABS shell, expanded polypropylene (EPP) liner, expanded polystyrene (EPS) liner, polyester webbing
- Certification(s): CE EN 12492, UKCA, UIAA

Size	S/M, M/L
Weight	285 g, 295 g
Head circumference	48-58 cm, 53-61 cm

Crash Pad

Petzl Cirro Crash Pad

Description

Maxi crashpad for bouldering

With a one-piece hingeless design, the CIRRO maxi crashpad offers excellent protection for bouldering falls, thanks to the triple-layer foam assembly specifically developed by Petzl for better cushioning. Its patented folding system lengthens the life of the foam and provides a storage space when the crashpad is closed. The carrying system with its chest and waist adjustments and wide shoulder straps, provides great comfort during the approach.

Details

Maximum protection for the climber:

- large crashpad: 148 x 118 x 12.5 cm
 - three layers of foam of different densities and structures for better cushioning
 - one-piece hingeless design for uniform cushioning over the entire surface
- Petzl's patented folding system: zippered flap closure covers the carrying system, for greater protection and to create a storage space during transport

Easy to use and carry:

- adjustable bandolier for quick transport between boulders
- multiple handles for easy handling of the open crash pad
- handle for carrying the crash pad by hand when it is closed
- adjustable shoulder, waist and chest straps with solid metal buckles that are easy to adjust

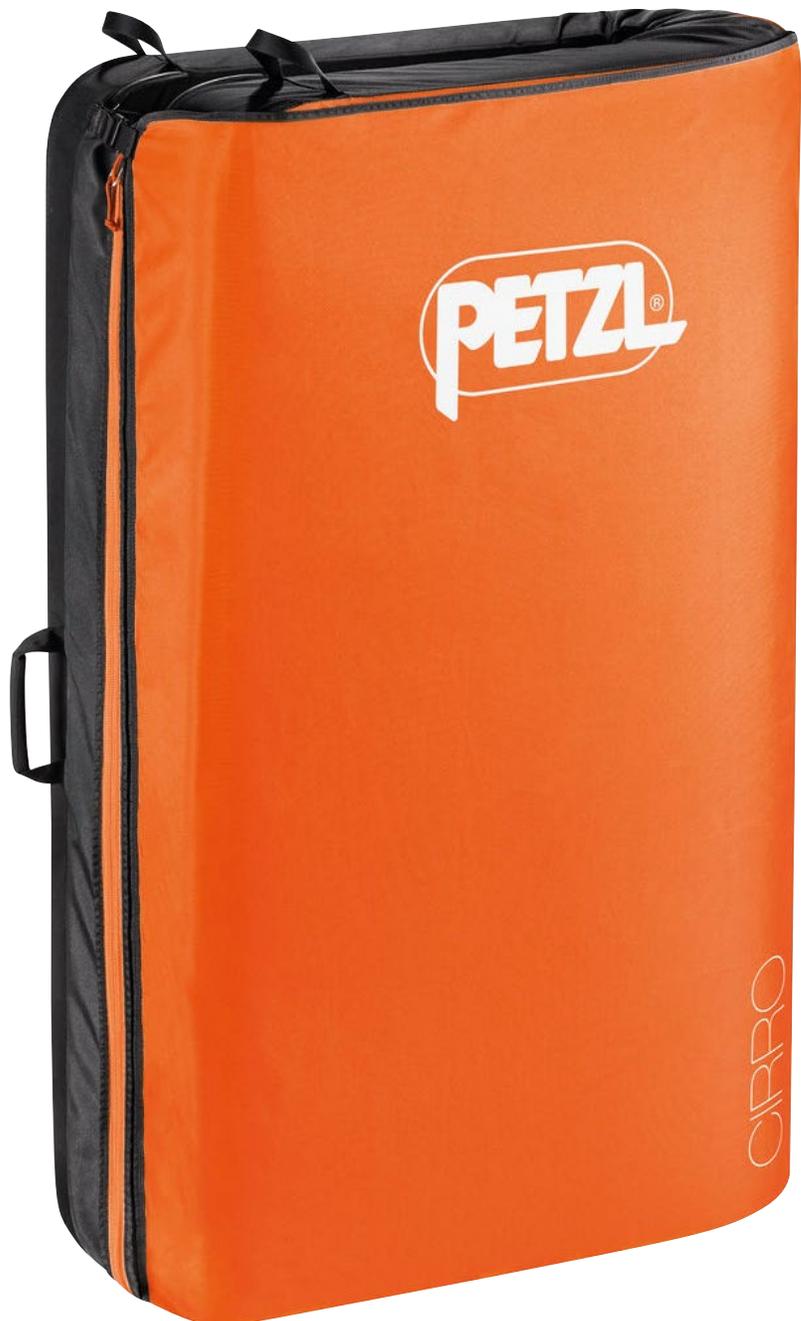

• can be used for lounging

Innovative design and durable materials:

- waterproof, ultra-durable fabric is reinforced in exposed areas
- protected corners
- lower seams in contact with ground are protected

Specifications

Color(s)	orange and black
Unfolded dimensions	48 x 118 x 12.5 cm
Folded dimensions	75 x 118 x 35 cm
Weight	9400 g
Material(s)	high-strength Cordura ballistic fabric, YKK n°10 zipper, triple-layer polyethylene (PE) and polyurethane (PU) foam

Floating Tube

Intex River Run

Description
