

**DESIGNATED ANCILLARY REVIEWERS - IRB**

Below are the designated ancillary reviewers for University of Houston Colleges and Division of Research (DOR) Centers.

**Two** levels of ancillary reviewers must be assigned to the IRB protocol within ICON (**three** where indicated in **Red**). ONE of these assigned reviewers must submit an ancillary review in ICON prior to submission to the IRB for review.

The College/Center will follow its own processes for ensuring the appropriate individual submits his/her review. The purpose of these reviews is 1) to verify scientific merit, 2) to ensure appropriateness of the research topic and methods for the specific College/Center, and 3) to provide key individuals within the College/Department/Center with information regarding research being conducted within the College/Department/Center.

Please add biosafety/radiation safety ancillary reviewers as needed based on the agents used within the research.

| College Name                   | Dean Name                                      | Department Name                            | Department Chair Name  |
|--------------------------------|--|--|------------------------|
| College of Arts                | Andrew Davis                                   | School of Art                              | Rex Koontz             |
|                                |  | Blaffer Art Museum                         | Steven Matijcio        |
|                                |  | Center for Art and Social Engagement       | Sixto Wagan            |
|                                |  | Cynthia Woods Mitchell Center for the Arts | Melissa Noble          |
|                                |  | Moore School of Music                      | Blake Wilkins          |
|                                |  | School of Theatre and Dance                | Robert Shimko          |
| C.T. BAUER COLLEGE OF BUSINESS | Vanessa Patrick-Ralhan                         | Accountancy & Taxation                     | Kaye Newberry          |
|                                |  | Decision and Information Sciences          | Norman Johnson         |
|                                |  | Finance                                    | Praveen Kumar          |
|                                |  | Global Energy Management Institute         | Praveen Kumar          |
|                                |  | Management                                 | Steve Werner           |
|                                |  | Marketing                                  | Edward Blair           |
