

What is UHin4?

The UHin4 Four-Year Graduation Plan helps incoming freshmen graduate within 4 years. Students in the program receive the following benefits

Priority Enrollment

Allows students to enroll in classes before registration opens to the campus community.

Academic Maps

Provide a guided pathway toward 4 year (or less) degree completion.

Course Availability

Students contact needaclass@uh.edu during the enrollment period prior to the term when an unavailable course is needed to notify UHin4 staff that graduation may be delayed due to course unavailability.

Peer Assistant Leaders (PALs)

Are upperclassmen in UHin4 who guide students on their personal journey toward four-year completion.

Fixed Rate Tuition Plan

The fixed rate allows students and families to plan for a fixed cost of tuition for four years. Please note: The Fixed Rate Tuition Plan is based on 15 credit hours per semester. Students are not automatically placed into the Fixed Rate Tuition Plan.
