

Go to this site to download EMS exe file

<http://sa-ems/EMSDesktopWebdeploy/>

Enter This URL in this box below: <http://sa-ems/EMSDesktopWebdeploy/>

The image shows a dialog box titled "EMS Web Deploy Configuration". It features a text input field for the "EMS Web Deploy configuration URL". Below the input field, there is an "Example URL" section containing the text "http://(server name)/EmsDesktopWebDeploy/" and a blue underlined link "Copy to Clipboard". At the bottom right of the dialog, there are "OK" and "Cancel" buttons.
