

SGA FY 24 Additional One Time Request D

Opening Statement — The Student Government Association is the official advocacy group of the student body. The overall goal of the Student Government Association is to enhance the quality of student life on our campus. Students' needs are constantly changing. To accommodate this change, we plan on engaging in more interactive activities to benefit UH students and the community. The following funding request serves as a way to help the Student Government Association in its approach to aid UH in becoming a top 50 public university, where our community will thrive through student advocacy.
