UNIVERSITY OF HOUSTON

To ensure that we have adequate funding to continue to serve our Military- Connected Student Population at a high-level, Veteran Services is requesting SFAC's continued support and a onetime allocation request to cover our programming costs. This one-time allocation takes into the increased demand of programming by our military connected student population. As our nation continues to draw down troops engaged in war efforts overseas and as The University of Houston continues to rise as top choice for military, veterans and their dependents, we anticipate these numbers to steadily rise. We are excited and are up to the challenge of seeing our Military Connected population to success.
