**FY24 Student Fees Advisory Committee (SFAC) One-Time Request (b)**

The Women and Gender Resource Center (WGRC) would like to request \$5,000 in one-time funding to expand the CORE Ambassador Program and create a partnership with the Center for Fraternity and Sorority Life.

The WGRC seeks to expand the CORE student ambassador leadership program and create a track for UH students in the Greek community with personal development opportunities in three tracks: education, philanthropy, and leadership. For education, students would be given an opportunity to engage in a student-centered version of COMPASS Sexual Misconduct Response Training. For philanthropy, WGRC would partner with Greek organizations for community service opportunities such as volunteering at a local domestic violence agency. In terms of leadership, an expansion of CORE called "CORE x UH Greeks: Leaders for Change" would encompass the above pillars of education and philanthropy and incorporate CORE participation through leadership and professional development opportunities. Funds requested would go towards marketing and promotional items for participating students.

This initiative would support the WGRC's goal of improving CORE, and it would provide the WGRC with an assessment opportunity to compare experiences and skills learned through CORE and CORE x UH Greeks to determine if there are differences and/or gaps which the WGRC could help to address through CORE curriculum in order to provide students with equal opportunities for personal and interpersonal growth.
