

56<sup>TH</sup> ADMINISTRATION

# EXECUTIVE AGENDA

STUDENT GOVERNMENT ASSOCIATION

PRESIDENT – ALLISON LAWRENCE

VICE PRESIDENT – MAYSARAH KAZIA

Dear Cougars,

Here is the executive agenda of the 56th administration of the Student Government Association. You can view our major initiatives and goals for the University that we will be focused on accomplishing. Getting higher wages for student workers, third party insurance at the Student Health Center, and creating a Green Fund to support sustainability initiatives on campus are our main initiatives.

My executive cabinet will be working tirelessly to accomplish these initiatives starting April 1st, 2019. I value transparency and want the Student Body to be fully aware of what SGA is working on – that is why it's important to set clear goals for our administration.

However, these goals do not limit the SGA. We are a resource for students to use to see change and progress at the University of Houston. If you have any concerns, questions, or a situation you would like addressed, please contact me at [SGAPres@central.uh.edu](mailto:SGAPres@central.uh.edu), or visit the SGA office in the Student Center North.

Go Coogs,

Allison Lawrence  
Student Body President

Dear Cougars,

It is an honor to be the first Hijabi woman to be elected as Vice President at one of the most diverse universities in the nation. This year, I look forward to accomplishing my many initiatives, including creating prayer and meditation areas on campus, developing a buddy system for international students, and developing alumni mentorships for students on campus.

Part of my responsibilities also includes appointing students to the various University Committees on campus. These committees allow students to be put at the forefront of conversations concerning issues such as parking, food, and counseling and psychological services.

I encourage students to reach out and voice their concerns. The student government exists to serve the students on this campus in all capacities possible. If you have any concerns, questions, or a situation you would like to see addressed, please contact me at [SGAVP@central.uh.edu](mailto:SGAVP@central.uh.edu), or visit the SGA office in the Student Center North.

Go Coogs,

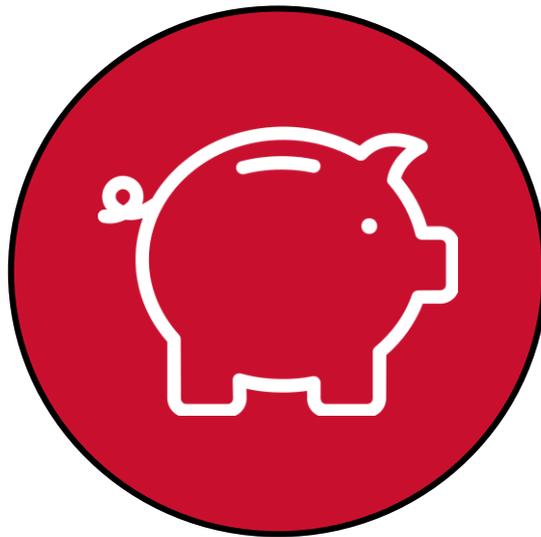

Maysarah Kazia  
Student Body Vice President

# PRIMARY INITIATIVES

**Sustainability**
