Presidential SFAC Appointment

- Praneeth Addresses the Senate
  - Honors Biomedical Major - Medicine and Society and Finance
  - Daily Cougar/Cougar Paw
  - Premed Org
  - Experience
    - Baylor College of Medicine Institutional Review Board
      - Determined whether proposals should be funded based on detail and impact to community
    - Then given opportunity to write what each research group should present (brochure)
  - Involvement
    - Daily Cougar, Cougar Paw, Last semester ran for senate, wants to be involved on campus
    - Grown up in HSID school district - diversity parallels our university's
- Alejandro: Most difficult decision
  - Had to do with leukemia for 19million dollars of grant money
  - Had a vague sense of project proposal
  - Only extend knowledge
- Paul: Personal criteria for pulling funds from an organization?
  - What benefits the students
  - Increases student involvement
- Chris: How extensive is your background with SFAC
- Hina: can you handle SFAC along with all the classes that you take?
- Fahad: what 3 departments or divisions would you decrease funds for?
- David: how would you use your medical background towards health and wellness?
- Will: what are 3 basic financial statements that companies want to put out? Not entertained
- Paul: what do you value more? Involvement or service?
  - Generally involvement because of how we are shifting as a university
- Fahad: what are 3 orgs that you'd like to fund?
  - Caps, Residential Halls,
- Paul: what are 3 questions you would ask?
  - How they plan on spending it, why they asked for it, how they used past funding
- Hunter: any untouchable organizations?
  - None, need to evaluate everyone
- Unmoderated Caucus
  - Paul pro: no org is untouchable,
  - Paul neg: his hypothetical situations

- Fahad con: didn't know of any organizations outside fee funded
- Chris con: didn't look over SFAC as well
- Kayla pro: we're being a little nitpicky and will be told of every org when he's on SFAC
- Cindy: didn't know his departments
- Lucien: need to look at diversity of thought on this committee
  - If he has the time, we should put a little trust in the system
- Hunter: don't make the judgement call if someone can handle it
  - He would ask the right questions
- Alejandro: his priorities are straight
  - There are some downs but he will go to trainings
- Shane:
  - Hard on people, recognize mistakes
  - Thinks that he was nervous when put on the spot
  - Didn't think the questions were appropriate
  - Good things
    - Very atypical SFAC background (not bauer)
    - Very smart, competes in an academic program
    - Will take work seriously
    - Done this type of work before on a larger scale
    - Will set him apart from people on the board
