

LEAD THE WAY

From Knowledge to Wisdom

Featuring **Julio Olalla**, founder of Newfield Network and author of *From Knowledge to Wisdom: Essays on the Crisis in Contemporary Learning*

Julio Olalla will help you discover a way to see things differently and thus make different choices and act differently. You will learn how to engage in conversation that enables you to see new things, and to view different perspectives as gifts rather than problems. He will demonstrate why traditional approaches to organizational learning are insufficient and enrich your ability to create more action and meaning in your organizations.

For over 30 years, Olalla has trained thousands of individuals and worked with hundreds of organizations, CEOs, and governments to challenge traditional thinking and create stronger leaders navigating the anxiety and turbulence facing our global community.
