### Course Descriptions

**Cultural Diversity & Sensitivity** (4 CEU Credits)  
Covers issues that affect professionals' interactions with diverse populations and variables that influence cultural identity; including race, ethnicity, gender, culture, ability, religion, age, HIV status, body type, sexual orientation and gender identity.

**HIV/AIDS** (3 CEU Credits)  
A complete overview of human immunodeficiency virus (HIV) and acquired immune deficiency syndrome (AIDS); including the diseases' impact on the human body and immune system, routes of transmission, prevention, testing, current and developing treatments, and epidemiological trends.

**STIs, Hepatitis & Tuberculosis** (3 CEU Credits)  
Information about bacterial, viral, and protozoan sexually transmitted infections (STI); including common symptoms, safer sex practices, treatment options and general facts. Information about acute and chronic chemical and viral hepatitis; including risk, prevention, symptoms, treatment methods, and vaccination.

There is a \$10 surcharge if not prepaid.
