Dan Pallotta's *Uncharitable* ventures where no other book on the nonprofit sector has dared to go. Where other well-intended books suggest ways to improve performance within the existing nonprofit paradigm, *Uncharitable* argues that the paradigm itself is the problem, and calls into question our fundamental beliefs about charity. *Uncharitable* is for students, philanthropists, nonprofit executives, donors, institutional funders, and anyone who cares about the great causes of our time.

After Pallotta challenges you to change the rules, an expert panel will facilitate a lively discussion on his commentary:

- Khambrel Marshall, moderator- KPRC TV Channel 2, Meteorologist
- Karen Rawls - Chevron, Public and Government Affairs Representative
- Linda May- The Simmons Foundation, Executive Director

This discussion will encourage Houston leaders to test their assumptions and explore a new economic model for the sector.
