10 a.m. to 12:30 p.m.

Wednesday, March 11, 2015

UC Astrodome Room 257

Felipe Sierra, Ph.D.

Director, Division of Aging Biology
National Institute on Aging

The lecture will discuss the research interests and priorities of the National Institute on Aging, and how to build competitive proposals.

Following the lecture, attendees may participate in targeted group discussion for announced NIA funding opportunities.

Event presented by the
Office of Research Development of:

UNIVERSITY of HOUSTON | RESEARCH
